

# Material Safety Data Sheet

## Section I - Identification

Product name: Strawberry

## Section II - Hazardous Ingredients/Sara III Information

The specific chemical identities of the ingredients of this, or any other mixture, are considered to be Trade Secrets and are withheld in accordance with the provisions of 1910.1200 of title 29 of the code of Federal Regulations.

Reportable Components: Benzenedicaroxylate

CAS #: 000084-66-2

OSHA PEL: 5mg/M3

ACGIH TLV: 5mg/M3

## Section III – Physical/Chemical Characteristics

Boiling Range: N/A

Specific Gravity: (H<sub>2</sub>O=1): 1.07

Vapor Density: N/A

Evaporation Rate: (\_\_\_\_\_ = 1)

Coating V.O.C. : N/A

Material V.O.C. : N/A

Solubility in Water: Insoluble

Percent Volatile by Volume(%): 100%

Vapor Pressure(mm Hg@TEMP): N/A

Appearance and Odor: Clear pale yellow liquid with a fruit type odor.

## Section IV – Fire and Explosion Hazard Data

Flash Point: ~150F

Method Used: TCC

Flammable limits in air by volume-Lower: n/a Upper: n/a

Extinguishing Media: Use foam, Dry chemical, & CO<sub>2</sub>

Special Firefighting procedures: Self contained breathing apparatus & protective clothing should be worn when fighting fires involving chemicals.

Unusual fire and explosion hazards: None known

## Section V - Reactivity Data

Stability: Stable

Conditions to avoid: N/A

Incompatibility (Materials to avoid): Strong oxidizing agents

Hazardous decomposition or byproducts: Carbon Dioxide, Carbon Monoxide, Fumes

Hazardous polymerization: Will not occur

## Section VI – Health Hazard Data

Inhalation health risks and symptoms of exposure: N/A

Skin and eye contact health risks and symptoms of exposure: N/A

Skin and absorption health risks and symptoms of exposure: N/A

Ingestion health risks and symptoms of exposure: N/A

Health hazards (Acute and chronic): This mixture has not been tested as a whole.

Carcinogenicity: NTP Carcinogen: N/A IARC Monographs: N/A OSHA Regulated: N/A

Medical conditions generally aggravated by exposure: None known

### Emergency and First Aid procedures

1. Inhalation: Seek fresh air immediately, if breathing is difficult, see physician
2. Eyes: Flush immediately with clean water for at least 15 minutes. Contact physician

as necessary.

3. Skin: Remove contaminated clothing. Wash affected areas with soap and water thoroughly.

4. Ingestion: Give water to dilute. Contact physician immediately.

#### Section VII – Precautions for safe handling and use

Steps to be taken in case material is released or spilled: Eliminate all ignition sources.

Ventilate area. Absorb on suitable absorbent material. Use of self-contained breathing apparatus is recommended for major spills. Report major spills to appropriate authorities.

Waste disposal method: Place material & absorbent into a sealed container & dispose of in accordance with current applicable laws & regulations.

Precautions to be taken in handling and storing: Usual precautions for combustible liquids.

Other precautions: Good manufacturing practices dictate that in eyewash fountain and/or safety shower should be available in the work area.

#### Section VIII – Control Measures

Respiratory protection: Adequate ventilation required

Ventilation: Adequate ventilation required

Protective gloves: Use chemical resistant gloves for prolonged exposure

Eye protection: Use splash goggles when applicable

Other protective clothing or equipment: N/A

Work/Hygienic practices: N/A

#### Section IX – Disclaimer

The information in this MSDS was obtained from current and reliable sources. However, the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions for use, handling, and storage and disposal of this product are beyond control, it is the responsibility of the user both to determine safe conditions for use of this product and to assume liability for loss, damage, or expense arising out of this product's improper use. No warranty expressed or implied regarding the product described herein shall be created by or inferred from any statement or omission in the MSDS. Various Federal, State, or provincial agencies may have specific regulations concerning the transportation, handling, storage, use, or disposal of this product which may not be reflected in this MSDS. The user shall review these regulations to ensure full compliance.
